4. Receives or is eligible to receive a free or reduced price lunch under the Richard B. Russell National School Lunch Act (42 U.S.C 1751 et seq.);
5. Is a foster child on behalf of whom State or local government payments are made; or

7. Is a youth who lives in a high poverty area (Census tract, a set of contiguous Census tracts, or county that has a poverty rate of at least 30 percent).

Determining Family Size and Income

Determined when an individual received an income or is a member of a family that received an income for the six-month period prior to application for the program that in relation to family size does not exceed the higher of the poverty line or 70 percent of the lower living standard income.

“Family” under WIOA is defined as two or more individuals related by blood, marriage, or decree of court, which are living in a single residence, and are included in one or more of the following categories:

- A married couple and dependent children;
- A parent or guardian and dependent children; or
- A married couple.

NOTE: Even if the family of a disabled individual does not meet the income eligibility criteria, the disabled individual may be considered a low-income individual if their own income meets the income criteria. The disabled individual would be considered a family of one and only the individual's income would be considered when determining low-income.

Defining Dependent

WIOA does not define dependent. To avoid uncertainty in making eligibility decisions regarding family size and income, the state has identified four examples in which a youth must be considered as a dependent of parent(s) or guardian(s), for determining family size for Youth Program eligibility. These four instances are:

- Youth not yet 18, who are not emancipated youth or runaway youth, living “at home” with their parents or guardians, including individuals in the temporary care of another individual or household (but not claimed as a dependent by that household).
- Youth age 18-21 who are full-time students in a secondary school or post-secondary school, and are living “at home” with their parents or guardians.
- Youth age 18-21 who are not full-time students, and are living “at home” with their parents or guardians, and who are primarily supported by their parents.
- A guardian is a blood relative (e.g., grandparent, aunt or uncle) or another legally recognized relative (e.g., decree of court) who claims the youth as a dependent. The key factors are:
 - o Relationship by blood or decree of court;
 - o Living in a single residence; and
 - o The youth is claimed as a dependent.

Income Eligibility

In order to determine income eligibility, use the following guidelines for family income, family composition and family size.

Family Income:

The term “family” means, two or more persons related by blood, marriage, or decree of court, who are living in a single residence, and are included in one or more of the following categories:

- A husband, wife, and dependent children.
- A parent or guardian and dependent children.
- A husband and wife.

A stepchild or stepparent shall be considered to be related by marriage. The income period for the applicant is from six months prior to application to the date of application.

Family Composition:

If the applicant lives with parents but claims family size of one due to providing more than 50 percent of his/her support, then the following must be documented:

- Name (Including Self/Applicant)
- Relationship
- Date of Birth
- Age
- Income Source(s)
- Six-Month Income

Family Size:

Determine the family size (number) and use the “at or below Poverty Line or 70 percent LLSIL” to calculate the total six-month income (times two), and compare it to the income limit for eligibility. The applicant must certify that the information is true and correct by signing and dating the form. The Parent/Guardian must also sign and date if the applicant is under 18 years of age. The Case Manager must sign and date the form.
